progress
summary

...your presence at the ground
breaking ceremony...

ground
breaking

...your faces and smiles made
the difference.

ground
breaking

you must clear out what you do
not want to make room for what
you want, what is to come.

site
clearance

leveling the site as well as
removing of unwanted top soil
in preparation for setting out

site
levelling

surveys to ensure the building sits correctly on site in preparation for foundation works.

setting
out

...you cannot build a strong building on a weak foundation. Therefore, the loftier the building, the deeper the foundations.

foundation
works

casting of column bases and
column stubs.
